WHAT ARE THE RISKS OF INVESTING?

Risk indicator for the Fixed Interest Fund

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns market index data from 1 April 2014 to 28 February 2015 and actual fund return data from 1 March 2015 to 31 March 2019. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future Fund Updates. See the fund's last Investment Statement for more information about the risks associated with investing in this fund.

NOTES

¹ Total fund charges are exclusive of GST and are made up of the management fee, the underlying fund managers' fees and other administration fees, which are accrued on a daily basis and reflected in the unit price of the fund. Total fund charges comprise:

- management fees, which are paid to Britannia for the management of the fund's assets;
- underlying managers' fees and expenses (including any performance fees of their underlying funds), which are estimated and paid to the underlying fund managers for their management services; and
- other administration fees, which include the Administration Manager's fees (for registry, valuation and unit pricing services), and the estimated accounting expenses of the fund.

The Manager may also charge reasonable auditing and other professional services charges to the fund in the future. Currently the Manager does not charge these fees to the fund, so the estimated fee for professional services is nil.
